

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**SB 1283 - HB 1297**

February 19, 2021

**SUMMARY OF BILL:** Authorizes municipalities to create a fund which provides grants utilized for the study of juveniles involved in prostitution and homicides committed by juveniles.

**ESTIMATED FISCAL IMPACT:**

**Increase Local Expenditures – Exceeds \$10,000/FY21-22/Permissive**

Assumptions:

- The provisions of the proposed legislation are permissive to municipalities and authorizes the appropriation of public funds as well as funds donated by persons or organizations.
- While the precise number of municipalities seeking to create such funds and the extent of municipal funds which will be appropriated to such fund is unknown, it is reasonably assumed that two municipalities statewide will create such funds and provide a one-time appropriation of at least \$5,000 to issue grants for such studies. It is assumed such funds will be appropriated in FY21-22.
- It is further assumed that private sources will provide donations for the fund to cover the cost of such grants.
- Any increase in local expenditures for the creation and maintenance of any fund and grant program is estimated to be not significant.
- The proposed language is estimated to result in a permissive increase in local expenditures estimated to exceed \$10,000 (\$5,000 per fund x 2 funds statewide) in FY21-22.
